

The background features a light purple-to-blue gradient. Scattered across the surface are numerous realistic water droplets of various sizes, some with highlights and shadows. A faint, light-colored map of Europe is centered in the background, serving as a subtle backdrop for the text.

# **ERASMUS**

**TRAVEL TO GERMANY**

Lets get to  
know this  
experience...

# DAY 1

*On day 1 we met at the airport to leave. We changed planes in Switzerland and had a layover before our plane left for Frankfurt. We ate something and of course we tried the best chocolates in Switzerland! They were very tasty! After that, we traveled to Frankfurt where Mr. Frank (one of Felsburg's school teachers) took us to the teacher's hotel, on Felsburg, where the children and their families were waiting for us. Each child from Cyprus went with the family that would host them in their home. We ate something and lay down to sleep.*

# DAY 1

# DAY 2

*On day 2 we woke up in the morning and we went to my host's school. My host's name is Lotta Tentrop, her mom's name is Miker and her dad's name is Caster. Also, she has a brother, Leo, and a cat called Lina. Her house was in Gensungen (a small village near Felsburg) so we went to school by car. On the first period they had French lesson and I watched the lesson too! All the guys there were so cooperative and everyone participated in the lesson. During the break, the German guys showed to the guys of Spain, Italy, Cyprus, Greece and Portugal their school. They have a huge and beautiful school. In addition, their school is groomed and clear and it has a lot of colours! All the children, we had lunch at school. It was delicious! When we ate, we all watched some more lessons and after that we played a game. We searched some attractions on Felsburg to get to know the village better. When the game finished, Lotta's mom came to took us from school. In the evening we went with Lotta and a friend of hers, who was hosting Sofia from Cyprus and another girl from Portugal, on a hill that had an amazing view. After that, German girls, took us to a small park. It was a lot of fun! When we get bored, we went to Lotta's house, to light a fire. We ate marshmallows and bread with sausage, we danced we sang and we had a great time there!*

# DAY 2

# DAY 3

*On day 3 we woke up early in the morning and we met all together at school. We went by bus to a small zoo with pigs, deers, wild boars, wild goats and birds! We feed them and we caressed them! They were so cute! Also, we watched a show of birds, it was incredible! After the zoo, we went to the “Lake of the Eder”. This lake is from the rains and is separated by a huge dam. The view from the dam was great. After that, we returned to our house and eat lunch. In the afternoon, we went ice skating! I love ice skating! I had never tried it before so I fell more than 15 times! But that’s okay because it was so much fun! After we left ice skating, we came back for dinner because we had to go to play bowling. It was fun even thought I lost but I don’t mind! When the bowling was over, we went back to our house to shower and sleep.*

# DAY 3

# DAY 4

*On day 4 we sleep as much as we want with Lotta. When we woke up about 11:30, we had breakfast with Mrs. Miker! Mrs. Miker had prepared many things for us to eat. She made us crepes, prepared tomatoes with haloumi and had cut slices of cheese, bacon and salami. Also, she had prepared a basket which had croissants, pretzels and a lot of kinds of bread. When we finished our breakfast, we got ready, me and Lotta, to go for a walk in the forest, and we ended up in a castle of Gensungen called “Heiligenberg”. From the top of the castle we could see the whole village of Felsburg and Gensungen! It was one of the most beautiful sights I had ever seen! In the afternoon, me, Lotta and her mom took the train and we went to Kassel, the biggest city near Felsburg. Kassel is so big and beautiful and there were so many art attractions in the city that it felt like a museum! We ate burgers in a great restaurant and after that, we went to the train station. There we met all our teachers who had also gone to see the town of Kassel. We returned all together in our houses to relax and sleep.*

# DAY 4

# DAY 5

*On day 5 we all met together at school and split into two groups. Half went to an apple champagne factory and the other half to a coffee and apple juice factory. It was very interesting! After that, we all went together to the statue of Hercules. From there, we took the train and went downtown for shopping! It was great! In the evening, we returned all the children with the train and at the station our families were waiting for us to take us home. It was a tiring but great day!*

# DAY 6

*On day 6 we got up early in the morning and went to school. In the beginning, we attended some chemistry lessons and did various experiments! Later, we gathered in the kitchen hall and made various apple treats. After that, we painted portraits of ourselves with wine paints! It had a lot of fun! After painting, we started walking with the aim of reaching a field with vines to water them. In the evening, we had a farewell party where we got our certificates, danced, sang and had a great time! It was a magical night!*

# DAY 6

# DAY 7

*On day 7 we got up very early in the morning about 5 o'clock in the morning. Mr. Frank took us back to Frankfurt airport. We were all very sad to leave Germany. From Frankfurt, we went to Austria to changed planes. There, we had time to shop at the mall of Austria! The mall was huge and amazing. After shopping, we had lunch and went back to the Austrian airport to leave. Our flight arrived late in the evening where our parents were waiting for us. It was a magical experience that I would very much like to live again.*

# DAY 7

The background features a light purple-to-blue gradient. Scattered throughout are several realistic water droplets of various sizes, some with highlights and shadows. A large, faint, light-colored circular graphic is centered in the background, partially obscured by the text.
