

Our trip to Portugal!

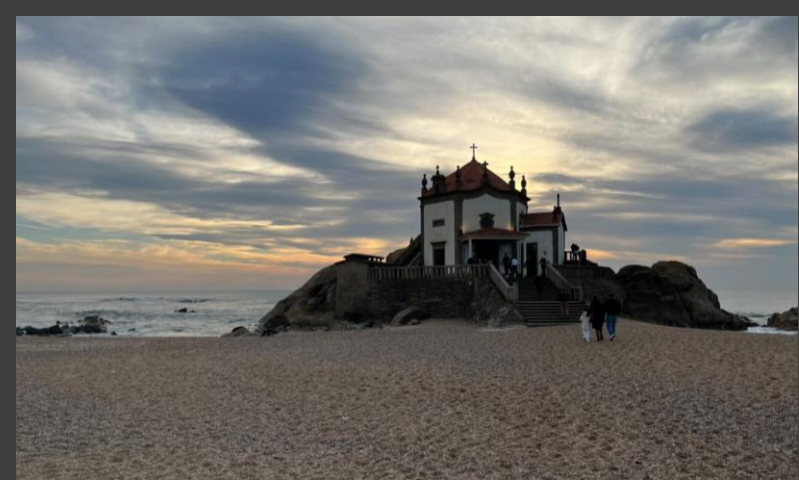

First day 10/02/23

- We went to our hosts' school and learnt about each country's vineyard economy and tourism.
- On the same day, we had our welcoming party, that was really fun for all of us.

Second day 11/02/23

We visited the main city and got to know more about the Portuguese history and culture.

Third day 12/02/23

- On Sunday, we had a free day so we went to the mall to play bowling, but also enjoy the beautiful view!! The whole city was visible from there.

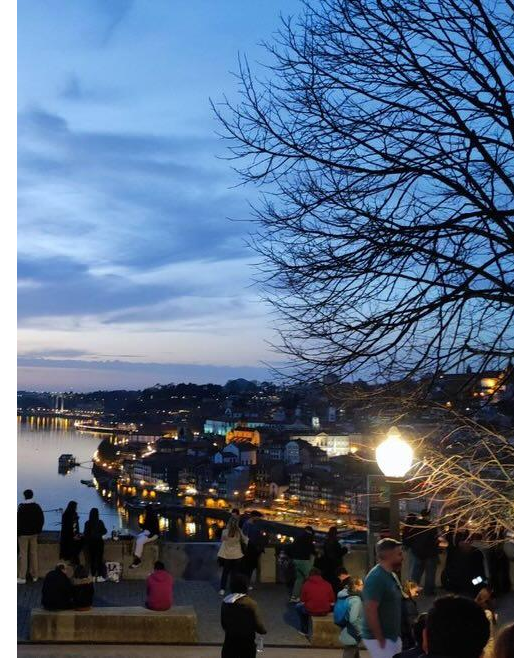

Fourth day 13/02/23

- On Monday, we made our own ceramics in the traditional Portuguese way.

Fifth day 14/02/23

- The fifth day, we visited the seaside and had a cruise in a boat, which was exclusively used to transport the port wine.

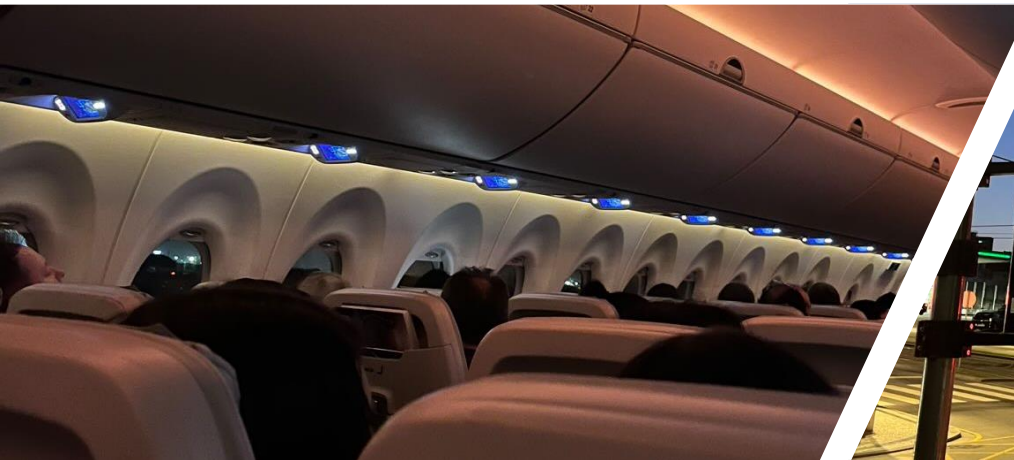

We also said
goodbye to the
other Erasmus
teams that were
leaving the next
day..

It was a unique and lovely experience,
which combined knowledge and fun!
