PORTO

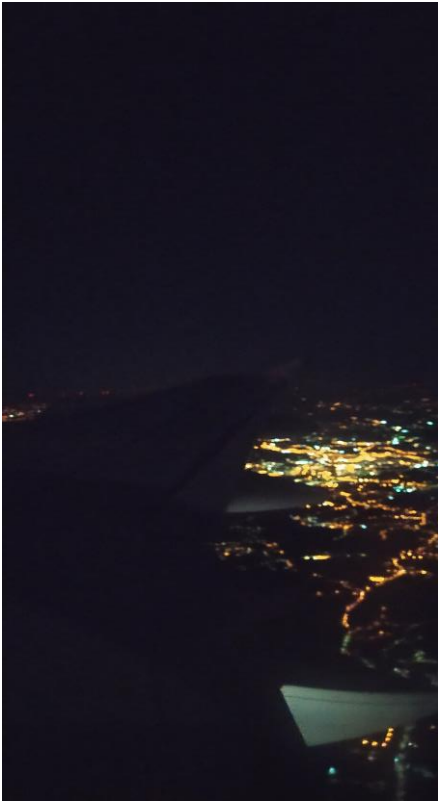

1ST DAY

Our journey to Portugal couldn't have started anywhere else than the Cyprus airport.

Also before we arrived in Porto we stopped on Munich, Germany.

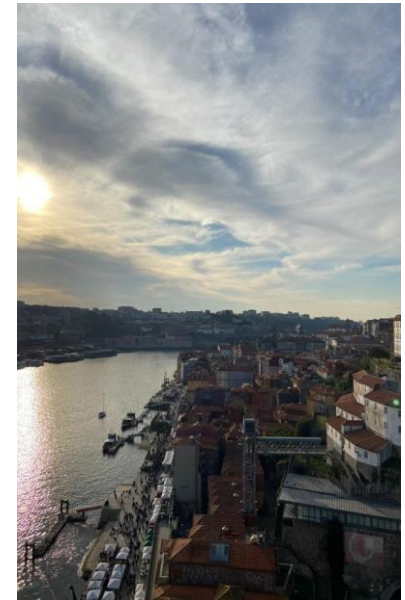

2ND DAY

The students of the school gave us a tour at their school and then we present our country. Also in the afternoon we had a welcome party.

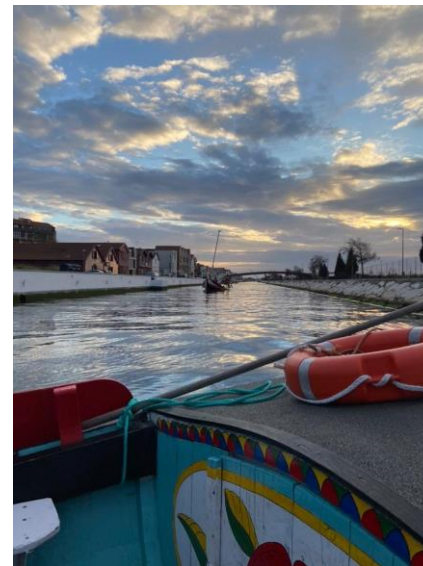

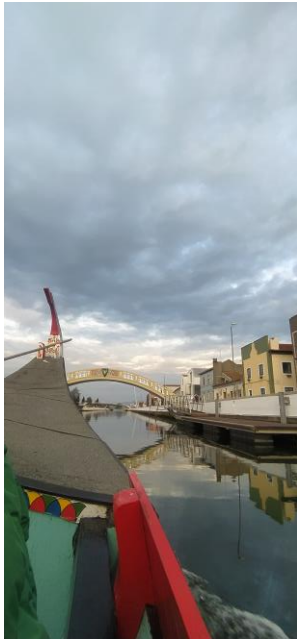

3RD DAY

The third day was special because we went to Porto for the first time. At first we went to a museum then we saw some impressive sights. Also we saw the incredible view from the D.Luis bridge.

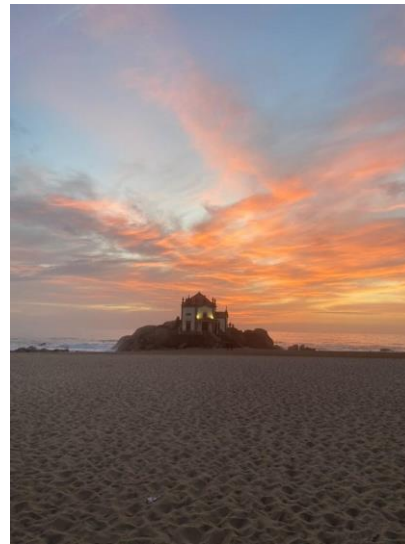

4TH DAY

The next day we went to Aveiro. Aveiro is built on a river and as they say it is the Venice of Portugal.

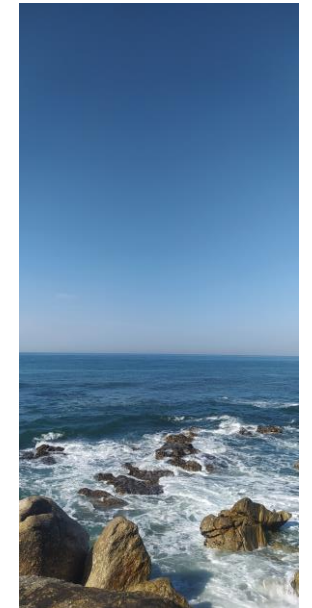

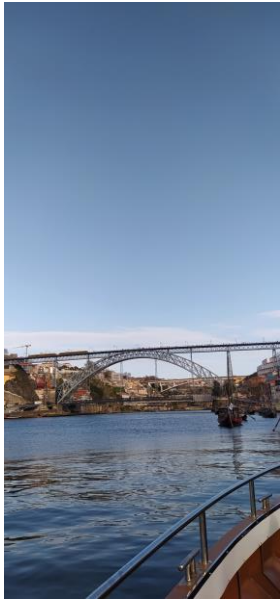

5TH DAY

On the fifth day, in the morning, we were at their school and we received praises for our participation in Erasmus. In the afternoon we went to the beach and saw the sunset, it was so amazing.

6TH DAY

The sixth day was the last day that we were all the kids together from all the countries that took part in Erasmus. We leaved from school in the morning and went to some beautiful places like Sr. da Pedra beach and Douro River. We had a great time there.

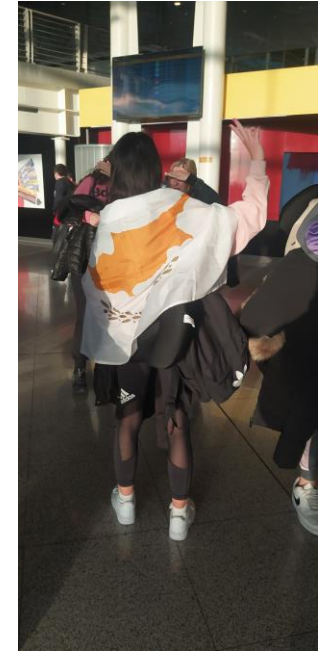

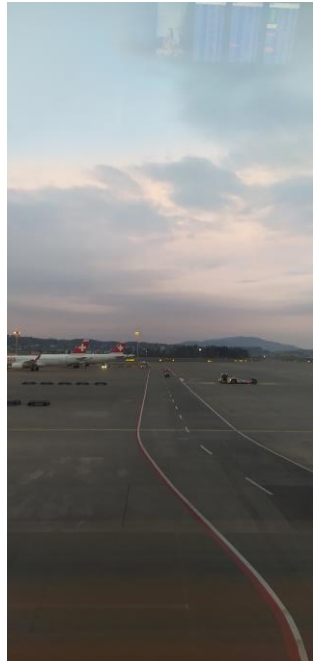

7TH DAY

On the seventh day we didn't do many. We spent the morning at school and in the afternoon we went to a restaurant where I tried a delicious traditional Portuguese food.

8TH DAY

Unfortunately the day that we had to leave from Porto came.

I think our trip to Portugal is something I will never forget in my life because we had a great time there.
